

Scottish Water

Trusted to serve Scotland

Who we are

Scottish Water

Trusted to serve Scotland

Working with their delivery partner

On major projects, such as Balmaha Waste Water Treatment Works (WwTW), Scottish Water (SW) frequently works in partnership to develop solutions with trusted partners. On this project, Efficient Service Delivery (ESD) will be the principal contractor.

There will be various other subcontractors involved throughout the duration of the project and for varying periods of time, however, it is too soon to identify who they will be at this stage.
