## BETTER CHANGE

- A Bike Lane
- A cafe which has ice lilies
- More flowers
- A space for where the water is so people who ride bikes can't accidentally fall in the water

## What we like

- It is a relaxing place
- how many trees there are
- how that is such a big lake

To Scottish Water from Charlotte and Jack

Gates around the water so people don't fall in or get pushed in.

Some boat rides would be good.

bike parking so if you want to take a break of cycling.

We love how much nature it has in it.

a little petting zoo. we could have bunnies in it.

some more bins.

Picnic benches so we can have a picnic at a beautiful place.

We could have some flower beds that would be nice.

It's good for the bees!

We could also have some events like Christmas and Halloween events.

Some balloon stalls?

We also like how happy and peaceful it is.

Maybe some skate parks.

Play Parks for the children.
