Taking care of your sewer network

A section of Townhead Street from the entrance of primary school to Vicars Road is to be closed to vehicular traffic from **29th August for 3 months.**

- A vehicular diversion route will be in place via the Stonehouse bypass during the works. Please leave additional time for your journey. Footpaths passing the work area will remain open as normal.
- Bus services and school transport will be affected by the road closure. Please see the separate bus poster providing further details. Please note that the buses will turnaround using Queen Street. There will be parking restrictions along sections of Queen Street.
- The work involves excavating the road and installing new larger sewer pipes, with new manholes on a section of Townhead Street and Vicars Road.

Queen Street parking restrictions

On street parking restrictions will be in place in Queen Street from 29th August for approx. 3 months to allow the local bus service and school buses to serve the lower area of Stonehouse while a section of Townhead Street is closed to lay a new sewer to help prevent sewer flooding in Stonehouse.

- Please ensure you adhere to the parking restrictions in place to allow access for school transport and avoid the bus services getting stuck or cancelled.
- If you require critical deliveries to your front door, then please contact us so we can work together and avoid the bus services getting cancelled.
- The bus bay near Co-op will also be getting extended. Please refrain from parking in the bus bay as the full length of the bay will be needed to ensure the local buses and school transport can safely swing into.

Stonehouse local and school Bus Diversion

A section of Townhead Street from the entrance of primary school to Vicars Road is to be closed to vehicular traffic from 29th August for 3 months for our project to help prevent sewer flooding in Stonehouse.

The buses will be diverted along the A71 bypass towards Larkhall into the bottom of Stonehouse, then using Queen Street as diversion loop, onto King Street outside CO-OP, then via New Street, then to the route as normal. This will also be the route towards Stonehouse/Strathaven.
